

Coffee, Tea, and Reality: A Between Friends Collection

Created by Canadian cartoonist Sandra Bell-Lundy, the syndicated comic strip *Between Friends* offers a near-telepathic view of the female psyche and illustrates the essence and angst of modern women today. *Between Friends* chronicles the highs and lows of three archetypal women in their early forties who have known each other since high school: Susan, who balances her full-time job with her responsibilities at home; Maeve, the divorced, sophisticated professional who's always searching for Mr. Right; and Kim, who works at home while taking care of her six-year-old stepson. Readers will recognize themselves and their friends in this contemporary slice-of-life strip. Susan, Maeve, and Kim talk to each other about things like aging, dating an ex, motherhood, guilt, personal time, and the pros and cons of Botox. Bell-Lundy obviously has struck a chord with countless enthusiastic fans, such as reader Valerie Hastings: My husband teases me that you must be related or a good friend because you seem to have an inside track on my mind! Reader Kim Turner agrees: As a working mother with a supportive spouse and two daycared-for children, I continually look forward to seeing glimpses of my own life in your work. *Coffee, Tea, and Reality* is sure to delight the millions of women whose lives parallel the angst-driven, stress-filled glory of the *Between Friends* gang.
