

## Opening for Black According to Karpov (Repertoire Books)

The Chess Stars Openings series present an entirely new approach to the study of chess openings which can provoke the interest of chessplayers of all levels. Drawing examples from the games of today's leading grandmasters we present the principles of selection and successful employment of a harmonious opening repertoire, corresponding as close as possible to the style of a renowned master. If you are looking for a bulletproof repertoire for Black and like Caro-Kann, Nimzo-Indian, Queens Indian, Catalan, English, this is the book for you! Drawing on the premise that you do not need an Encyclopaedia, but rather a guide through the sea of variations, the ex-champion Khalifman offers you a clear vision how to reach reliable positions without having to invest tons of time for preparation. The material is well organized and most energy is used on the most testing variations. The high quality of the advice and the concise, but accurate presentation makes the book a valuable tool for players of all levels.
