

A Beginners Guide to the Violin - A Selection of Classic Articles on Violin Construction and Performance (Violin Series)

This book contains classic material dating back to the 1900s and before. The content has been carefully selected for its interest and relevance to a modern audience. Carefully selecting the best articles from our collection we have compiled a series of historical and informative publications on the subject of violins. The titles in this range include A Guide to Violin Strings A History of Violins in Italy Antonio Stradivari and His Violins and many more. Each publication has been professionally curated and includes all details on the original source material. This particular instalment, A Beginners Guide to the Violin contains information on violin construction and performance. It is intended to illustrate various aspects of the instrument and serves as a guide for anyone wishing to obtain a general knowledge of the subject and understand the field in its historical context. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
