

## A Woman Trapped In A Womans Body: (Tales From A Life Of Cringe)

Lauren Weedmans hilarious essays are like a compendium of what not to do as a fully-realized, functional adult. Her self-deprecating, confessional, and terribly funny voice finds a special place in the hearts of those who can relate to her--which, for better or worse, includes all of us. From the uproarious account of her time at the Daily Show, where she developed an entirely one-sided infatuation with Jon Stewart, to the time she read her boyfriends diary with disastrous results, Laurens work is filled with the wit, honesty, and personality that make for great personal writing.
