

Adobe Photoshop Lightroom 3 Classroom in a Book

Serious digital photographers, amateur or pro, who seek the fastest, easiest, most comprehensive way to learn Adobe Photoshop Lightroom 3 choose Adobe Photoshop Lightroom 3 Classroom in a Book from the Adobe Creative Team at Adobe Press. The 10 project-based lessons in this book show readers step-by-step the key techniques for working in Photoshop Lightroom 3. Photoshop Lightroom 3 delivers a complete workflow solution for the digital photographer. Readers learn how to manage large volumes of digital photographs, work in a non-destructive environment to allow for fearless experimentation, and perform sophisticated image processing tasks to easily produce good-looking pictures and polished presentations for both web and print. The newly expanded version of this software offers accelerated speed with refined, powerful performance. This completely revised Photoshop Lightroom 3 cross-platform edition covers how to work in the new import interface, add audio to your slideshows, shoot tethered, use the new crop overlay tool, customize a watermark, simulate film grain in your images, utilize more options for publishing your work online, and further customize your print packages. All of Peachpits eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for Where are the lesson files? Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and

turning your device to a landscape view.
This should cause the full URL to appear.
