

Joan Rivers and Robin Williams: What Lindsay Lohan, Miley Cyrus and Justin Bieber Need to Learn NOW

What valuable lessons can Lindsay Lohan, Miley Cyrus and Justin Bieber (or even Neil Patrick Harris, Adam Sandler, Tina Fey, and you) take away from the lives, loves and careers of Robin Williams and Joan Rivers? In this eBook which is a compilation of two short read eBooks that are also available individually on the Kindle Lindsay, Miley, and Justin (as well as you, Neil Patrick Harris, Adam Sandler, Amy Poehler, Tina Fey and others) will learn lessons from the lives and works of Joan and Robin that can help them (and you) to triumph over many of the seemingly insurmountable obstacles and spirit shattering crisis that life has or could hurl their (or your) way. Book # 1 Robin Williams: (RIP) Life Lessons from His Greatest Movies and Shows Almost immediately after having heard of the news that Robin Williams had died, President Barack Obama made the following statement: Robin Williams was an airman, a doctor, a genie, a nanny, a president, a professor, a bangarang Peter Pan, and everything in between. But he was one of a kind. He arrived in our lives as an alien -- but he ended up touching every element of the human spirit. He made us laugh. He made us cry. He gave his immeasurable talent freely and generously to those who needed it most -- from our troops stationed abroad to the marginalized on our own streets. In this eBook, which can take less than 10 minutes to read, you will find a list of my favorite Robin Williams shows or movies. Like all of Robin Williams shows and movies these are all very funny and demonstrate why Robin was one of the greatest standup, sitcom, and movie comedians of all time. Not to mention a master of serious acting, whenever he chose to do so. These shows and movies are, to me, especially special. That's because they are movies that, in addition to being very entertaining, can also help expand the mind as well as touch the heart.

They are movies that not only entertain but that also hold life lessons that each of us can use to make our lives more happy, successful, and fulfilling. For Robin Williams was more than an entertainer. He was also a philosopher, teacher, and a guru of life. Once you have finished reading this tribute to Robin Williams, my hope is that you too can embed into your heart, mind, and spirit the many lessons that Robin, through his many legendary roles in shows that entertained hundreds of millions, life lessons that can help you to see your own problems with wisdom-filled humor. Book # 2 Joan Rivers: (RIP) Shockingly Serious Wisdom You Didnt Expect from Her Joan Rivers once said, Everyone forgets comedians are actors. Theres no question about it. A ROBIN WILLIAMS cannot say every line every night for 40 weeks and make it sound fresh unless hes doing an acting job. She also said, I think I was the third person in the world to get a KINDLE, and I hated it the minute I got it. When people think of Joan Rivers, they usually think of comedy, and rightly so. Joan Rivers was known for her biting quotes and no holds barred comedic comments. But she was much more. She was also a great human being whose close personal friends and family often looked to for advice on how to live their lives elegantly and successfully. In this eBook, which will take you well under 10 minutes to finish reading, you will see the serious side of Joan Rivers. Specifically, you will learn perhaps for the very first time the underlying wisdom that she utilized to navigate the ups and downs of life, and how she always managed to find a way to wind up on top regardless of the circumstances.
