

Anti-Christ: A Satirical End of Days

For the past two millennia, there has been a Cold War between Heaven and Hell. In that time, Earth has served as the neutral zone between the two powers with humanity the pawns in a conflict whose origins remain shrouded in legend. Tonight, that all changes, as one mortal disturbs that fragile balance. Matthew Ford is a common man, struggling through college while attempting to discover his destiny. Antisocial, passive aggressive, and immature beyond belief, this flawed person sets into motion that final prophecy that leads to the End of Days. He travels to Heaven, is tempted by Hell, gets into a feud with Jesus, meets the moronic leader of the free world, creates a self-help movement that tears the world apart, and leads the final zombie charge on Mount Megiddo in that last conflict of all time, Armageddon.
