

Best Combinations of 2015: April, May, June (Quarterly Chess Tactics)

This publication is a collection of over 200 best combinations played by strong chess players in tournaments that took place in the second quarter of 2015. To see the solution for the combination - go to the next page in your e-reader. This book is the second in the Quarterly Tactics series, which provides instructive tactical positions from the most recent top chess tournaments. Quarterly Chess Tactics will allow you to * Follow the recent games of top grandmasters * Improve your game * Study combinations any time and anywhere * Enjoy a collection of annotated puzzles that you have not seen in any other tactics books * Maintain regular practice by solving several puzzles every day All the puzzles have been carefully checked to ensure the correctness and uniqueness of solutions, so the reader can be certain that there is only one winning continuation in each position.
