

Chess Exemplified in a Concise and Easy Notation, Greatly Facilitating Practice, Vol. 1: Being an Introduction to the Game, on a System of Progressive Instruction and Examples (Classic Reprint)

Excerpt from Chess Exemplified in a Concise and Easy Notation, Greatly Facilitating Practice, Vol. 1: Being an Introduction to the Game, on a System of Progressive Instruction and Examples IN an era distinguished by the influence of Science, she may be expected to affect our amusements, as well as to direct our studies and assist our labours. We find, accordingly, that Chess is becoming more and more resorted to in the hour of leisure, for engaging those mental powers which, by advance in knowledge, or rectification of principle, are raised above deriving satisfactory enjoyment from senseless games of chance. The vast superiority of Chess, in every respect, is in deed so great, that while even children, once initiated, feel interested and amused, and find their pleasure in crease with their knowledge of the game; the most philosophic minds become absorbed in its profundity are strongly exercised by its amazing variety and resources and perceive at each step a problem that probably will never be solved - What is the best to be done? Such being the nature of the game, two important considerations arise. First, that it be an amusement delightful through every period of life, and at the same time improve the mind by exercising some of its most valuable qualities; which, as Dr. Frana observes, are to be acquired and strengthened by it, so as to become habits ready on all occasions viz. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do,

however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
