

ZERO TO DEAD

After learning that his sister has been killed, a former gang member leaves his new life and returns home, discovering that the Mexican Cartel has united the street gangs, making the streets even more lethal.

He seeks revenge, using his skills as a street racer and fighter. TOMMY (25) lived the life of a gang member, but when he was 20, he left his home town to get away from the gang, leaving his little sister, TIFFANY, behind. Tommy knew that if he stayed in the gang, then he would become another statistic. After doing four years in the U.S. Marines, Tommy managed to get a good job with a law firm, where he met the love of his life, RACHEL, whose father happened to be one of the founding partners. Despite hearing that several of his former gang friends have been recently killed, Tommy is content with his new life, away from the gang, until he hears that Tiffany has been killed. Tommy returns home, finding that his mother is a heroin addict and living with the Chief of Police, CHIEF (40s), who runs the town, who Tommy knew from his gang days as taking a cut of the gang profits. While trying to uncover the truth behind Tiffanys death, Tommy discovers that a Mexican Drug Cartel has moved into town and has united the gangs, in order to control all illegal activities, with Chief providing his corrupt assistance. Tommy fights his demons and the guilt that he could have saved Tiffany, as he uncovers the Cartels use of the gangs to move dope and guns between the United States and Mexico, which makes him a target for the gangs and Cartel. Tommy enlists the assistance of a former gang rival, PITBULL (30s), who was pushed out of his gang, by a younger gang member, selected by the Cartel. Tommy and Pitbull resort to the only justice they know; street justice and begin killing the people responsible for killing Tiffany.
