

The Color of Reseda

Compelling and intense, *The Color of Reseda* follows the fortunes of the beautiful Claire from her teenage years in prewar Austria, through the torment of the Anschluss and World War II, and to her fulfilling years as the Austrian people rebuild their stricken country. Concentrating on Claire and the Burghoff family, Maria Kurtovich uses their microcosm to show how they retain their love of the land and remain true to their rural roots. The triumphs and the tragedies of one woman's life illustrate both the grinding hardship of the war and early postwar years and the gradual recovery of a defeated but not broken rich tapestry of Austrian life.
