

## C.O.O.L. Chess (Batsford Chess Library Series)

C.O.O.L. Chess is the sequel to H.O.T. Chess, one of the most innovative chess manuals of the 1990s! Grandmaster Motwani continues to explain his easy-to-use acronym-based approach to chess thinking, and shows how Creative Original Opening Lines can bring astonishing over-the-board successes. The many brilliant games in this book include victories by Motwani against some of the worlds best players, whom he has outwitted in the first stages of the game.
