

Remedies Examples & Explanations

Examples & Explanations: Remedies will be a new student favorite with its tried-and-true E&E format. This problem-oriented guide is designed and organized to complement any major remedies casebook and build student comprehension in a carefully constructed, step-by-step approach. It explains remedies policies and rules, and uses examples to show how lawyers and judges apply the rules to formulate concrete solutions to disputes. Offering a logical and guided format, this valuable supplemental source for your students: covers the areas included in most remedies courses, including damages, injunctions, and restitution, as well as other important topics such as declaratory judgments, punitive damages, and remedial defenses builds student understanding step-by-step, moving from the basics to the more complex and allowing students to apply the law to particular fact patterns allows students to study chapters in any order demystifies the language of remedies using straightforward and student-friendly examples, charts, and illustrations shows students how to “do the math” related to issues such as computing compensatory damages, present value, and constructive trusts offers compatibility with all major remedies books, including those that approach remedies through public law and those that approach it through private law remains the only book in the field to provide both black letter law and examples and answers to build student knowledge; the level of complexity builds as examples continue in

each chapter
class=copymedium> discusses major
remedies cases (<i>Hadley v.
Baxendale</i>; <i>State Farm v.
Campbell</i>; <i>Sullivan v.
OConnor</i>), provides detailed
coverage of the draft Restatement (Third)
of Restitution, and gives detailed analyses
of remedies issues under Article 2 of the
Uniform Commercial Code
