

Formal Modeling and Analysis of Timed Systems: 14th International Conference, Formats 2016, Quebec, Qc, Canada, August 24-26, 2016, Proceedings (Lecture Notes in Computer Science)

This book constitutes the refereed proceedings of the 14th International Conference on Formal Modeling and Analysis of Timed Systems, FORMATS 2016, held in Quebec, QC, Canada, in August 2016. The 14 papers presented in this volume were carefully reviewed and selected from 32 initial submissions. They are organized in topical sections entitled: modeling timed phenomena; stochasticity and hybrid control; real-time verification and synthesis; workload analysis.
