

# Funny Things Animals Might Say, Volume 1, A Childrens Humorous Animal Picture Book with Funny Interactive Captions for Ages 4-8 and Ages 9-12

Animals are funny, aren't they? Don't you wish they could talk to you? Sometimes it seems that they are right on the verge of speaking. So, let's have some fun and put words in to their mouths. I have written a caption under each animal photo that I think that the particular animal might be saying, but I could be wrong. This is a fun book where you will come up with your own caption for each photo. Have some fun and improve on what you think each animal is saying. Get the whole family involved reading Funny Things Animals Might Say, Vol.1. Check out these funny photos of dogs, cats, and farm animals and from beautiful and strange looking animals from all over the world. Guess what you think each animal might be saying. No one will ever know the truth, but isn't fun to think about what each one of these animals might be thinking or saying if they could talk?
