

Hey Doodle Doodle Book: Nephis Life

Here's a great book for children to have fun with as they learn about the scriptures. Your child can read the story of Nephi while following the step-by-step instructions to draw each part of the story. This book is wonderful for those reverent times at home or at church when you need an activity to keep a child quiet but focused on the gospel. It's the perfect size to tuck away for church, and it fits right on the back of an LDS hymnal! You might even find that it is entertaining for adults.
