

EARLY FILM HISTORY

Essential to any introductory course in American film-making, *Early Film History* covers the invention of motion pictures through the post-World War II era. Written in an easy-to-read, conversational tone, this book will capture and maintain students' attention with the following features:

- Numerous high-quality photographs
- Extensive factual research
- Biographical information on influential visionaries
- Unique stories on pioneers in the industry
- A dedicated section on the sound revolution

Early Film History tells the story of movie history as it evolved with technological changes and human experience. *Contemporary Film History* (ISBN 978-0-7575-7597-6) is a continuation of *Early Film History*, picking up in the 1950s and covering through the recent *Avatar* movie.
