

Trailer Trashed: My Dubious Efforts Toward Upward Mobility

Hollis Gillespie used to be embarrassed about having an alcoholic, trailer-salesman dad and a bomb-making mom with broken dreams of being a beautician. If anyone asked about her family, she would tell them her parents were wealthy and that she came from a refined background. She never mentioned the time they lived in a mobile home two miles north of the Tijuana border. Trailer Trashed is a collection of interconnected essays, ranging from hilarious to heart-breaking, all on one broad theme. Hollis Gillespie's relationships with her equally offbeat sisters, her precocious daughter, her bizarre friends, and the people they love. Think David Sedaris meets Thelma & Louise. If David Sedaris had a vagina and wasn't such a pussy, he'd write like Hollis Gillespie. --Bust magazine
