

The Last of the Horse and Buggy Country Doctors

The Last of the Horse and Buggy Country Doctors is the story of a young man called to Christian medical service, not knowing at the time, the Lord would send him back to be his home towns doctor. He married a city girl. She tells the story of their life in Buena Vista Ga; a special place inhabited by eclectic critters and special people, some quite unique. The cast is two legged, four legged, feathered, finny, furry, slithery and otherwise. Reading it will fill your prescription for a smile and a good feeling compliments of the last of the horse and buggy country doctors, Penny Rogers and me. Enjoy.
