MEN & DOGS and WOMEN & DOGS are a stunning pair of books. Each contains 80 images of people and their dogs, from Maria Callas to Robbie Williams, Churchill to Jilly Cooper. They are an amazing collection of photos, covering a century of dogs and their owners. But they are far more than picture books, with fascinating text, full of compelling anecdotes, and dog lore, which show people in a fascinating new light -through the story of their relationships with their pets.
