

Just Killing Some Time

This book is a collection of short funny stories that rhyme, or we can call them comical limericks or comical verse. Now most of these stories poke fun at things associated with alcohol, pot smokers, narcotics, and people with bad attitudes. There's also an excursion with an alien, some unsavory situations with an undesirable animal or a slimy bug. Those are a few of the stories that you'll encounter if you read this book. So if you have some time to kill then you just got to check it out. The stories are hilarious and if nothing else some of them might make you think...!
