

Landscape Photography: From Snapshots to Great Shots (DVD)

Now that youve bought that amazing new DSLR, you need video training that goes beyond the camera manual to help you take great landscape shots. In this high-quality 94-minute video, pro photographer Rob Sheppard takes you on location in Sonoma, California, to demonstrate the fundamentals, including: composition, time of day, light, exposure, depth of field, sky, and space and perspective. Beautifully photographed and packed with expert tips and techniques, this guide will help you: Apply the rule of thirds and arrange your composition Understand the importance of time of day and directional light Determine exposure and read your camera histogram correctly Use space and depth and understand how depth of field works
