

Learn to Speak the Mohawk Language Faster and Easier with Subliminal Programming CD

The Superior Mohawk subliminal CD is designed to super charge your brain to learn Mohawk faster and easier than ever imagined. Most people struggle when they try to learn Mohawk, but now you don't have to because subliminal programming can prime your brain to acquire the language rapidly. All you have to do is continue the same Mohawk classes or reading material that you're studying now and listen to this CD to accelerate your learning ability. It won't teach, but it will turn you into a Mohawk learning machine. This CD contains 6 ten minute subliminal sessions to choose from. Each session contains the same subliminal suggestions carefully crafted by hypnotist Alex Armani, CHT. You get to choose which track(s) to listen to! Successful people across the world are using subliminal programming to help them correct bad habits, improve their health, and acquire new languages faster than ever possible before. Subliminal programming means you will hear NO AUDIBLE VOICE because it has been masked in order to bypass your conscious filters. This gives the suggestions the ability to directly impact your subconscious mind for maximum impact. Using this CD for a long period of time will increase your desire and ability to speak and understand Mohawk when exposed to the language. This will accelerate your learning. It does not actually teach Mohawk because it primes your brain for rapid learning only. These sessions were designed for use at any point in your day or night. You can listen intently or play it in the background. This CD only features 6 subliminal audio tracks to choose from including ocean waves, rain, thunder storm, bird song, whale song, and hypnotic music.
