

A Deadly Business: Mia Quinn, Book 2

A prosecutor of violent criminals. A detective on a dangerous beat. Together, these seasoned pros take on an off-the-books case that threatens to strip them of all they hold dear. When a 22-year-old killer walks into the courtroom, his eyes confirm what Mia Quinn already guesses: He blames her for his conviction. In seconds, he knocks her to the ground and holds a razor blade to her throat. She manages to escape, but its just one more reminder that Mias job prosecuting Seattles most dangerous criminals is risky. As a single mom, the last thing Mia wants is for her work to follow her home - or discover that it already has. Now Detective Charlie Carlson is suggesting the very thing Mia doesnt want to believe - that her accountant husbands deadly car accident was no accident at all. When Mia and Charlie encounter resistance to reopening the case, they take the investigation into their own hands. And find much more than they bargained for. Was Mias husband more than an accountant - and less than an honest man? As the truth becomes more shocking and the case grows more complex, her husbands enemies take note of Mia - and her children. How far will this prosecutor go to learn the truth, and how far will she have to go to protect her family?
