

Managing from the Bottom Up: Lets have an AHA moment

An irreverent look at the workplace, specifically managers, this book turns management theory upside down, with the focus being on those that are managed. Meet the Drowner and work out if your manager is in fact a vampire. Full of rich descriptions and helpful hints, this deceptively light-hearted read encourages the target audience to have an AHA moment, restore work-life balance and improve the quality of their working lives. Managers may learn something too about getting the most out of their team without using By the book management Style (BS). Based on real-life experience, there really is something for everybody in the workplace here.
