Excerpt: ... to Heaven to send succour. At that moment the hero himself appears. Seeing his family clad in mourning, he inquires the reason. At first his intention is to attack Lycus openly, but Amphitryon bids him wait within; he will tell Lycus that his victims are sitting as suppliants on the hearth; when the King enters Heracles may slay him without trouble. When vengeance has been taken Iris descends from heaven, sent by Hera to stain Heracles with kindred bloodshed. She summons Madness who is unwilling to afflict any man, much less a famous hero. Reluctantly consenting she sets to work. A messenger rushes out telling the sequel. Heracles slew two of his children and was barely prevented from destroying his father by the intervention of Athena. He reappears in his right mind, followed by Amphitryon who vainly tries to console him. Theseus who accompanied Heracles to the lower world hurries in on hearing a vague rumour. To him Heracles relates his life of never-ending sorrow. Conscious of guilt and afraid of contaminating any who touch him, he at length consents to go to Athens with Theseus for purification. He departs in sorrow, bidding his father bury the slain children. Like the Hecuba, this play consists of two very loosely connected parts. The second is decidedly unconvincing. Madness has never been treated in literature with more power than in Hamlet and Lear. Besides Shakespeares work, the description in the mouth of a messenger, though vivid enough, is less effective, for what is set before the eyes excites us more than what is dropped into our ears as Horace remarks. But the point of the play is the seemingly undeserved suffering which is the lot of a good character. This is the theme of many a Psalm in the Bible; its answer is just this-Whom the Lord loveth He chasteneth. In 415 Euripides told how Hecuba lost her last remaining child Cassandra. The plot of
