

# Mr Instability

I have been a Police Officer, and got too work with a partner who hated me. I have been on the hunt for an aggressive pit bull, that has an appetite for small children as a Dog Catcher. I was almost killed by an inmate on my first day at work as a Correctional Officer. I have acted along side A list movie stars in major Hollywood films. I even cleaned toilets after construction workers. If you can think of a nasty or dangerous job, I have done it. Ready for a wild ride through the life of a chronic job hopper? Then come on, lets go!
