

Novel Images: Literature in Performance (Routledge Library Editions: Film and Literature)

Written specifically with the student in mind and focusing on a number of well-known texts, including *Les Liaisons Dangereuses*, *Nicholas Nickleby*, *Nice Work* and *The Color Purple*, the contributions in this book demonstrate how we can look critically at literary adaptations and learn to distinguish between mythical images and the reality of the process that constructed them. They argue that adaptations should not be seen as secondary or marginal, because through them we can enter into an exciting debate with the literary text itself. Originally published in 1993.
