

# One Breath Away: The Hiccup Girl - from Media Darling to Convicted Killer

When she was 15, Jennifer Mee developed an unrelenting case of the hiccups - hiccupping as many as 50 times a minute for months. Soon the Florida teens strange story went viral. Dubbed the Hiccup Girl by the media, she gained international sympathy and appeared on a slew of popular TV shows. Eventually Jennifer's hiccups went away, and so did her fame. Depressed and craving affection, Jennifer hooked up with the wrong people and slipped into drug dealing and street life - a downward spiral that led to the murder of an innocent young man. Now, renowned investigative journalist M. William Phelps expertly recounts Jennifer's shocking true story of thwarted desires, betrayed trust, and deadly manipulation.
