

## Administrative Law in the Political System: Abridged

This abridged edition focuses on the practical aspects of administrative law within the context of the political system. The text addresses the most recent court decisions with scholarly articles and related commentary, examining the impact of the re-inventing of government and of neo-conservatism on the development of administrative law. The book aims to provide in-depth, comprehensive coverage of administrative law, its principles, doctrines and current case law in non-technical language.
