

Products Liability: Problems and Process (Law School Casebook Series)

Products Liability: Problems and Process, Sixth Edition, is a challenging yet student-friendly and accessible book that has proven itself over time. Written by exceptional instructors who also served as the two reporters for the Restatement (Third) of Torts: Products Liability, there is no better introduction to this intriguing topic than this casebook. In addition to the stellar authorship of this concise casebook, you will notice these outstanding features:

- The text fully integrates the Restatement rules and comments.
- The problem-based approach applies the law to real-life situations.
- Student-friendly mix of cases, notes, and problems that introduces students to black letter law and its underlying policies.
- Thorough Teacher's Manual that includes syllabi for 2- and 3-credit courses and answers to all of the problems in the casebook.
- Further refinements to the Sixth Edition include:
 - New problems
 - New cases, including:
 - Parish (Iowa S. Ct.) on category design liability
 - Greene (Michigan S. Ct.) on failure to warn
 - Williams on punitive damages
- Completely Updated Teacher's Manual

This compact yet inclusive casebook provides everything you need to teach an engaging, enlightening course in Products Liability. Put to the test in classroom after classroom, edition after edition, Products Liability: Problems and Process, Sixth Edition, is justifiably a favorite

among students and professors alike.
