

Gray Shadows (Russian Bodyguard Series) (Volume 1)

They live a life of danger, sacrifice, and bravery. They die saving others but get no fame, no medals, and no solemn ceremonies. They are GRAY SHADOWS

Nikolai, a bodyguard in the prestigious Centurion Personal Protection agency, is injured in the line of duty. While recovering from his injuries, he is assigned to a new client. An easy case, his boss tells him. Nikolai travels to a small quiet town north of Siberia to provide protection for a young woman, on her dad's request. At first, both Nikolai and his boss see the assignment as a whim of a rich overprotective father. But the more Nikolai learns about the town, the oil company that the young woman is working for, and the people involved, the more he encounters secrets, suspicious behaviors, lies, and threats. In an unexpected and frightening course of events, Nikolai's easy assignment becomes one of the toughest and the most dangerous.
