

## My Sade Story Part 2

Paul Cooke was the founder member of the band Sade in 1982-3 and went onto create the songs and drums on the bands biggest hits to date, Smooth Operator and Your Love is King. Paul recorded the album Diamond Life with the band in 1983 and the album went onto be the biggest selling album for a UK female singer ever...This is Pauls autobiography and story on how he founded and created the band and the music for one of the biggest female artists in UK history.. It is the truth the whole truth and nothing but the truth about his time with the group in the 1980s and onwards into the 90s...
