

## ReViewing Chess: Sicilian, Rossolimo, Vol. 217.1 (ReViewing Chess: Openings)

ReViewing Chess: Sicilian, Rossolimo, Vol. 217.1 utilizes the cinema method permitting anyone to play hundreds of masterful games. As part of the openings collection, these games allow one to gain a look and feel of a positions orientation while facing the uncertainty one would face as if they played the game themselves. About ReViewing Chess: This series reverts back to a nineteenth century printing technique, cinema des echecs, to reinvent the chess book as a training tool. Based on a method that not only understands the problems facing those whom attempt to study the game but addresses these problems head on by realizing a framework that eliminates the social obstacles preventing players from recognizing the joy and intellectual satisfaction the study of chess inspires.
