

## Famous Scouts (Original Illustrations and Text) (Western Cowboy Classics Book 111)

This is one of the Famous Leaders books written by Johnston. 14 pioneers and scouts are included, some famous and well-known, others pulled from the depth of obscurity. General Israel Putnam; General William S. Harney, and White Beaver (Dr. D. F. Powell), as well as Davy Crockett, Kit Carson, Wild Bill Hickok and Buffalo Bill Cody are some of the men included. If this were a printed book, it would have, about 340 pages.\* This ebook is a true representation, high-definition copy of a pre-1923 print version of the book. Unlike other e-copies of the book, it is not a transcription, which may be full of typographic errors. \* True representation means that if the print version has any inscriptions or previous owners name in the front of the book, this e-book might as well. Blank pages that often separate chapters might be left in. And pages that may have a folded corner or other, similar damage might be included, too.\* In other words, no changes or as few as possible have been made to either the illustrations or the text in order to bring you a book that is as close to the original as possible.
