

## Sister Sarahs Morocco Lucky Address Finders

Thanks to Nikola Tesla.. I came up with a Lotto Winning Jackpot Address Chart.. Nikola Tesla like many geniuses, he had many eccentricities, including a fetish over cleanliness, a hatred of overweight people; doing things in threes or nines. Today, he would probably be classified as having an obsessive-compulsive personality. Your Lucky Numbers Finders(New)link <http://www.fantasylotteriestwo.com/eccentricity.htm> Example#3327

Tesla use his birth year last two digits of  
his birthday is 56 as his lucky numbers of  
his life..to use in this life time.. Nikola  
Tesla (10 July 1856 7 January 1943) was a  
physicist, inventor, and electrical engineer.

An ethnic Serb born in the Military Frontier (present-day Croatia), he was a subject of the Austrian Empire who later became an American citizen. Like many geniuses, he had many eccentricities, including a fetish over cleanliness, a hatred of overweight people; doing things in threes or nines. Today, he would probably be classified as having an obsessive-compulsive personality.

Other scientists, including the geniuses Nikola Tesla, Raymond Rife, as well as Mozart, Haydn, Beethoven, and Chladni, all must have known about, and used the concept of, the inherent power of threes, sixes, and nines. So we are dealing with three powerful numbers: 3-6-9. Everyone

of the six Solfeggio Tuning Forks all add up, individually to the Pythagorean scheme of 3-6-9. In fact, because there are two sets of 3-6-9 (anagrams) in the solfeggio, they are even more powerful as these combinations serve as portals to other dimensions! Nikola Tesla lucky address numbers was room 3327 at the New Yorker hotel..
