

Smoke Me A Kipper: Neils Farrago

Straight-talking, beer-swilling man of the people Neil is the leader of a dwindling UK political party, which apparently isn't racist even though it's anti-immigration, and also full of racists. As he prepares to launch his campaign on an upcoming referendum, however, he stumbles on a plot by shape-shifting aliens to sabotage his political career. With only his trusty bodyguard (whatever his name is) and a couple of asylum seekers to help him, can Neil thwart the alien threat and deliver the speech of his lifetime to kick off his referendum campaign? Or has the mono-balled purple-helmeted warrior cashed in his last lavish expenses claim?
