

The Art of Living Other Peoples Lives: Stories, Confessions, and Memorable Mistakes

Elite Daily managing editor Greg Dybec worries about rent, sex, love, family, and the most millennial topic of them all: a desire to leave a legacy. In *The Art of Living Other Peoples Lives*, Greg delivers a funny, brash, and insightful collection of twenty never-before-published stories on becoming a pick-up artist to get over an ex-girlfriend, late-night adventures with his Uber driver, having a Twitter-induced panic attack, picking up a gig writing about mens underwear, and more. Greg's writing is all at once candid, honest, and unapologetic, and his hilariously neurotic and self-analytical journey will strike a chord with anyone struggling to balance their IRL selves with their virtual ones.
