The Disappearance of Miss Ackery is an enthralling mystery drama from the pen of the world famous playwright Doug Moody. When school teacher Miss Ackery goes missing her students embark on a quest to find her. They recruit the detective Ms Rebecca to help in their search and she in turn is visited by the spirits of some of the greatest sleuths in history to assist in the investigation. Has Miss Ackery been abducted by the secret service due to her experiments with genetically modified wheat? Has she been arrested for tax evasion? Maybe shes just gone walkabout? Is the search a futile one or can the riddle be solved?
