

Best Foot Forward: A 500-Mile Walk Through Hidden France

When Susie Kelly decides, on a whim, to trek alone across France from La Rochelle to Lake Geneva, she entrusts her French farmhouse full of assorted animals to a total stranger from San Antonio, Texas. For each of them it is a life-changing experience. Both find their resourcefulness and ingenuity tested to the limit as, in their own ways, they explore and enjoy the culture, cuisine and people of Europe's most fascinating country. While Susie doggedly tramps 500 miles over unknown terrain, frequently lost and either too hot or too cold, Texan Jennifer Shields copes heroically with lost dogs, erratic electricity, old men hiding in bushes, and a language she cannot speak. This touching, true story of the Texan pioneering spirit, English eccentricity, and two women old enough to know better will appeal to all baby boomer travel adventurers whether out on the road, or settled comfortably for the ride in their fireside chair.
