

The Lap-Reluctant Cat

Does your cat refuse to sit on your lap no matter what enticements you offer or how much you cajole? Your cat has Lap-Reluctance Syndrome. LRS causes no harm to cats, but causes much misery for lap cat-deprived cat companions. With sweetness and humor, *The Lap-Reluctant Cat*, an illustrated book for cat lovers, presents the symptoms of the little-understood syndrome and offers practical tips for coping with a cat with LRS.
