

The Material Ghost: Films and Their Medium

Tough, smart, superbly engaging, *The Material Ghost* is a terrific book. -- Edward W. Said
In *The Material Ghost*, Gilberto Perez draws on his lifelong love of the movies as well as his work as a film scholar to write a lively, wide-ranging, penetrating study of films and filmmakers and the nature of the art form. For Perez, film is complex and richly contradictory, lifelike and dreamlike at once, a peculiar mix of reality and imagination. The images on the screen, he writes, carry in them something of the world itself, something material, and yet something transposed, transformed into another world: the material ghost. Dazzling... The sheer intelligence at work in these lucid pages is exhilarating. -- Alfred Guzzetti, *Boston Book Review*
A pleasure. Gilberto Perez is one of the smartest film critics writing anywhere. -- Jonathan Rosenbaum
Strikes an ideal balance between insightful analysis and graceful writing... A model of thoughtful criticism. -- David Sterritt, *Christian Science Monitor*
Brilliantly polemical in his critique of cynical reason (the official philosophy of late capitalism), no less passionate in defending the truth-value of cinema, Perez seems to be the clearest heir to the great humanist critic Andre Bazin. -- *Sight & Sound*
The chapters on Keaton and Renoir are stunning, full of perceptive remarks; the chapter on Godard is a persuasive rehabilitation; none of the chapters is without memorable insights. -- Michael Wood, *London Review of Books*
Gilberto Perez's ambitious, abundant, and cultivated book--the fruit of decades of thinking and teaching -- accompanies readers on a journey of discovery into the wonder of film. -- Stanley Cavell
Few books of film criticism in the past twenty-five years have been so enjoyable or instructive... [Perez] has excellent things to say about authorship, about documentaries, about popular genres, about cinematic point of

view and narrative technique, about actors, and above all about camera style... He makes us want to look once more at the remarkable pictures he discusses. -- James Naremore, Cineaste
