

Captive (The Inheritance of Slavery Book 1)

Set in the prosperous port of Liverpool in the late 18th century, *Captive* is an atmospheric saga of love, friendship and unconquerable dignity. In a journey stretching from the degradation of the Caribbean slave trade to the decadence of wealthy society in Georgian England, the sadistic cruelty of mankind is exposed. The novel chronicles the struggles of three slaves, Daniel, Marcus and Sullah as they seek to redefine their lives in the most challenging of circumstances. Marcus, a groom, and Sullah, the nursemaid, each survive the horrors of the notorious middle passage, an experience that helps forge their strong characters. Daniel, a powerful and handsome 22 year old, is a more vulnerable individual and he struggles to come to terms with his identity both as a slave and as a man of mixed race. Following the death of the plantation owner, the three friends must leave their home in Jamaica to make a new life with their mistress at Fernleigh Hall in Liverpool. On arrival in England, they discover that their status is much less clearly defined than it was in Kingston and Daniel in particular suffers from the uncertainty of his position. The family at Fernleigh is beset by problems, and conflict seethes beneath a social veneer of respectability. The slaves are at the centre of a chain of events which culminate in tragedy, but which ultimately demonstrate the resilience of the human spirit against seemingly impossible odds. The tone of *Captive* echoes the rich tapestry of a time of unprecedented social upheaval, fluctuating morality, industrial expansion and economic growth. It explores a period of prosperity that had its shameful roots in the trafficking of human cargo. It strips bare an era when appearance was more important than reality and when hypocrisy mattered more than truth. This is a story of a shameful period in this countrys history, but it is also about a thriving town and its

warm-hearted people. Finally, it is a tribute to man's ability to rise above his fate and achieve nobility of spirit.
