

The Obama Identity

Washington, D.C. In the summer of 2004, CIA agent Theodore J. Higginbotham III was summoned by his boss to a hush-hush meeting in the basement of the National Museum of Health. Higgy, his boss whispered in his ear, the CIA has a top-secret, off-the-books domestic spying operation in which we keep tabs on our most ambitious presidential hopefuls. I want you to do a complete workup on Barack Hussein Obama. Where was he born? Is he a Muslim? Is he a socialist? Who is behind him? And what is Obamas real agenda. The Obama Identity follows Higgy and his team as they travel all over the world from Chicago to Mombasa to Honolulu to Jakarta and St. Petersburg, Russia and encounter Birthers and Bushes, Katie Couric and Muslim clerics. Along their hilarious and madcap journey, Higgy and his crack operatives discover startling secrets about the 44th president of the United States a man some call The Chosen One and others refer to as an Obamanation. Among the many startling revelations in The Obama Identity: What Obamas Kenyan grandmother says about his birthplace How a Muslim imam taught young Obama to apologize for America and bow to foreigners How the Reverend Jeremiah Wright taught Obama to use the TelePromTer What happened to the videotapes showing Obama high-fiving the Reverend Wright after one of his anti-American sermons How financier George Soros brought about the collapse of the American economy to help elect Obama Why Obama blames everything on George W. Bush except Katie Courics dismal ratings How the Russians blackmailed Obama into canceling Americas anti-missile systems in Eastern Europe Who came up with the idea of carving Obamas face on Mount Rushmore right next to Abe Lincolns?
