

When Meerkats Turn Bad

The lizards are alarmed. The snakes are scared. The antelopes are apoplectic. Why? The meerkats have turned mean. Sure, they look cute with their little noses in the air. And some of them are. But have you ever paused to wonder what's really going on in those cosy communities? There's a darker side to the cuddly meerkat, and the shocking truth is revealed here for the first time in *When Meerkats Turn Bad*.
