

Creative Woodcarving for Beginners: Basic Techniques + 50 Projects

Woodcarving is a time-honored art, and here is the definitive beginners guide to this traditional craft, from carving with a pocket knife to sculpting with chisels and mallets. Starting with a detailed course in techniques such as chip carving, relief carving, and sculptural carving, it goes on to offer detailed plans, templates, and instructions for 50 projects, from distinctive front-door house numbers to a spectacular fire-breathing dragon. Every step is thoroughly illustrated with photos, right up to applying finishes such as paint, varnish, burning, or oiling.
